Estamos profundamente preocupados por la masacre de seis agricultores el 1 de septiembre en Nueva Requena, región de Ucayali. Apoyamos la comunidad Shipiba de Santa Clara de Uchunya y respaldamos sus exigencias que:

* Una comisión multi-sectoral implemente acciones urgentes para proteger la vida de los campesinos y comunidades indígenas y para frenar la deforestación;

* El Ministerio Público conduzca investigaciones rápidas en todos casos relacionados con el tráfico ilegal de tierras y la deforestación, sancionando a los autores directos e indirectos; y

* El Gobierno Regional de Ucayali, a través de la Dirección Regional Agraria de Ucayali, paralice la emisión de constancias de posesión sobre territorios de pueblos indígenas, en lugar de esto emitir un título a Santa Clara de Uchunya, como vienen solicitando para su territorio ancestral.
